

Declaration of Intent to Administrate
the Office of the Permanent Secretary for Transport with Honesty

The National Anti-Corruption Strategy – Phase 3 (2017 – 2021) includes the vision “Zero Tolerance & Clean Thailand” as well as the mission to create a culture which does not tolerate corruption and enhance good governance in integrative administration of the country, which is in line with the Office of the Permanent Secretary for Transport’s efforts to develop an integrity and transparency assessment system for the Office of the Permanent Secretary for Transport’s operations and to improve the efficiency of anti-corruption mechanisms and corruption prevention.

As the chief executive of the Office of the Permanent Secretary for Transport, I strongly make the declaration of commitment to manage our organisation with honesty, transparency and accountability, adhering to integrity, ethics, good governance and equity, for the good of the country. I will not use my authority in any dishonest manner for my own benefits but will encourage the personnel of the Office of the Permanent Secretary for Transport to adopt the shared value of fighting against corruption in order for us to be a transparent and accountable organisation that is accepted by the public.
